## A80 Android Countertop Terminal

#### Powered by Android.

Supported by the PAXSTORE open software distribution platform, within which payment service providers create and manage their own independent app store marketplaces.

The A80 is a new generation terminal that functions as a countertop device, packed with the latest PCI PTS 5.x and NFC contactless certifications and powered by the Android 6.0 operating system.

With a full range of communication options to choose

from, including Wi-Fi, Dial and Ethernet, and an optional back-up battery, the A80 is always connected, ensuring peak performance during business hours.

The A80 has a built-in camera and comes with a stunning high definition 4-inch touchscreen display which offers merchants and customers alike a graphical user interface way superior to traditional POS terminals.

The A80 Quick Reference Guide is to help you with step by step instructions for basic transactions and functions.
